Trenton, Feb. 21.-Viewed in the light of its certain results, the ilquor license bill fathered by Senator Rogers is a modified prohibition measure. If passed, it would reduce the number of saloons one-half in most places and wipe them out entirely in others Under it each application for a license would have to be signed by twelve property-owners living in the ward, who had eot signed any other application for one year, Few property-owners care to sign applications for saloons in their own neighborhood, and in many wards the requisite number could not possibly be obtained. The brewers and liquor-dealers are greatly alarmed at the bare thought of such a bill becoming law.

Attendance at Mr. Runyon's funeral kept Governor Griggs from getting here at his usual hour. It was nearly 6 o'clock when he arrived. The usual delegation of persons interested in the prospective appointments was on hand to greet him.

Among the politicians here to-night the gossip about delegates-at-large to the Republican National Convention makes it seem reasonably certain that General W. J. Sewell, Franklin Murphy, Carret A Hobart and John Kean will be

The Eric Railroad managers have already changed their tune about track elevation. Last year and every other year they were seemingly opposed to it. Since the stand taken last week by Senators Voorhees and Daly in "holding up" the reorganization bill, the officials have manidisposition to discuss terms. To-day Mayor Wanser, President Brown, of the Jersey City Board of Works, and Senator Voorhees had long interview with President E. B. Thomas, J. B. McCullough and ex-Mayor Hewitt, of the Eric Company. President Thomas said that the company would elevate if Jersey City or the State would bear about half the expense. Senator Voorhees called attention to the fact that the Pennsylvania, Lehigh Valley and Jersey Central had elevated their tracks at various points in the State at their own expense. On behalf of Jersey City, Mayor Wanser said that the municipality would vacate certain streets and depress others in order to help along the elevation subject, but the city could not and would not bear any part of the expense. The company representatives refused, however, to bear the whole expense, and, in addition to many other objections, they said: "Paterson and Passaic will be wanting us to elevate pretty soon, and it is out of the question for us to foot all the bills. Besides, it is not fair." The interview terminated without any settlement being arrived at, except that Senator Voorhees was asked to ascertain how much of the cost the public was prepared to shoulder. Pending enlightenment on that phase of the question, the Senator from Union was asked to let the reorganization bill pass, but he politely declined to do anything of the kind. He was emphatic in announcing his determination to hold back those bills until the elevation problem had been disposed of. James S. Allen, the Erl's agent here, wanted to have the reorgantzation bill taken up to-night and disposed of one way or another, but he was told to bide a wee. The Erie people say that if the New-Jersey Legislature will not give them the necessary legislation they can get it at Albany or Washington.

The new judiciary amendment to the Constitution, introduced to-night by Senator Voorhees, was drafted by William H. Corbin. POLICE GUARD A PRIEST. SLAVONIC CATHOLIC CHURCH DIFFERENCES CAUSE TROUBLE.

Passaic, Feb. 24.-The Rev. John Paljokavits, formerly of Braddock, Pa., broke into the Slavonic Catholic Church in this city at 3 o'clock to-day. The police were present and prevented any demon stration on the part of the crowd which gathered. He came here on Friday with a letter from Bishop Wigger, authorizing him to take charge of the church here. The trustees refused to deliver the keys to him.

church here. The trustees fetused to deliver the keys to him.

At a meeting of the members of the church yesterday it was agreed that the congregation did not want the priest for a pastor. It was resolved not to turn over the church to him, and therefore the police escort to-day was necessary. It is feared bodily injury will be done the priest if he attempts to hold services in the church. Threats to burn the church have been made by hot-headed Siavs. Father Paljokavits is a Bohemian. He is now constantly guarded by police. Father Conroy, of St. Nicholas Church, will make an attempt to smooth the matter over and effect a settlement without serious trouble.

A PUBLIC SCHOOL SPEECH CRITICISED. SOME PEOPLE THINK IT WAS AN ATTACK ON THE CATHOLIC CHURCH.

Some of the Catholic families of West Hoboken are discussing the remarks of the Rev. A. K. Duff, pastor of the United Presbyterian Church of the town, uttered at the Washington Birthday exercises in the main public school. Some of them are disin the main public school. Some of them are disposed to criticise the pastor, and others regard his words as due simply to an excess of parriotic feeling, without sectarian bias. He is quoted as saying:

"There are many influences at work trying to undermine the Constitution and liberties of our country. Among these are the saloons and the corporations. There are also secret and cuming influences which are trying to undermine the principle which sustains the little red schoolhouse and the flag which floats over it."

Many of the pupils in the school are Catholics, and some mischlefmakers magnified his remarks into an open attack on the Church of Rome. He is kept busy denying that he had any overt intention in his address. The pastor is reported to be an A. P. A. lecturer, but he also denies this.

Senator Voorhees's bill paying the Supreme Court and Chancery Court clerks each \$6,000 salary in-stead of fees, came up on final passage in the Senate late to-night. When the adverse report was submitted by Chairman Lower, of the Railroads and Canals Committee, Mr. Bullock loudly insisted that the members of the committee stand up and tell why they were opposed to the bill.

"This bill," he said "is in the interest of the common people, and I want to know who signed this

The Speaker ruled Mr. Bullock out of order, saying the committee was not compelled to give its reasons for reporting the bill adversely. The motion to concur in the report of the committee was made, but Mr. Bullock pleaded so hard, that a motion not to concur was moved and carried. The measure was then before the House, and the Speaker asked the pleasure of the members in disposing of it.

"I move that the report be not concurred in," said Mr. Bullock again.

"You are out of order. That action has already been taken," said the Speaker.

While Mr. Bullock was floundering about Mr King, of Passaic, moved that the bill be recommitted to the Committee on Railroads and Canals, and this was agreed to. This motion practically kills the bill, as the committee being hostile to it, it will be placed in the "Committee Graveyard," where it will sleep the long sleep of the peaceful.

There was a lively discussion on Senate bills Nos.

The measure provides for the consideration of a general system of sewage disposal for the valley of the Passale River and the prevention of the pollution thereof. After the adjustment of the House to-night the Committee on Railroads and Canals gave a hearing to a large delegation of prominent Newark people on Mr. Skinner's measure providing for the constrution of an armory in Newark. The delegation included Elijah B. Gaddis, Samuel Hoagland, Ella B. Ward, Judge Mott, Wilbur Doremus, Judge Fort, ex-County Clerk Samuel Smith, Assemblymen Skinner and Duncan, and Colonel Briefnall, Judge-Advocate Johnston, Paymaster H. B. Schwiema and Surgeon David L. Wallis, of the 1st Regimen and Surgeon David L. Wants, of the 1st Regiment.

Judge-Advocate Johnston made the principal speech.

He said Newark wanted an armory which would cost \$350,000, that the residents would contribute the difference between that and the amount the State would be asked to appropriate. The Board of Presholders, he said, had provided a plot of ground 400 by 580 feet, upon which the building could be placed.

Mr. Pryor said there was no law at present to pre-vent the associations from borrowing, although the law does not specifically permit it. The Rev A G Lawson and the Rev. J. W. Lvell, of Camden, explained that this bill was not a radical or new thing. It was, they said, merely what every-body supposed the law to be until the Supreme Court had declared that one man could stim any number of licenses. PRESBYTERIANS ARE PATRIOTIC.

THEY LISTEN TO AN ADDRESS ON CHRISTIAN WORK IN ARMENIA-THE RALLY FOR HOME MISSIONS. "True Patriotism" was the subject of the Presby

terian Union meeting last evening in the Hotel Brunswick. The speaker was the Rev. W. G. Puddefoot, field secretary of the Congregational Home Missionary Society, and the music was furnished by J. G. Belder, barytone; Mrs. Florence B. planist, and the Misses Reynolds, violin and 'cello. Mr. Belder, who is the choracter in the Fourth Avenue Presbyterian Church, sang "Two Grenadiers" and "Resurrection," and the trio played "Serenade," "Adagio" and "Loin du Bal." idience sang at the close "God Save the State." William N. Crave presided, and among the clergymen and officers of Presbyterian churches present

men and officers of Presbyterian churches present, many of whom were accompanied by their wives and daughters, were these: Ministers—G. W. F. B.rch, Howard Duffield, John H. Edwards, Jesse F. B.rch, Herbert Ford, H. T. McEwen, J. S. Ramsay, W. C. Roberts, C. A. Stoddard, G. S. Shearer, W. C. Stitt, J. F. Sutton, F. H. Mariling and Charles L. Thompson. Non-ministerial—Robert Beggs, Frederick A. Booth, George W. Lithgow, W. G. Crossman, T. S. Strong, John Stewart, George, S. Sterry, Warner Van Norden, W. R. Worrall and James Versance.

Mr. Puddefoot spoke for an hour, but his address was so varied and delivered in such an infimitable manner that when he tried to stop once or twice he was requested to continue his experiences. True parnotism, the speaker said, was set forth nowhere so forcibly as in the trials of the immigrants who reached this country and began life anew in the West. He had seen many of these grow into loyal and well-to-do citizens. Mr. Puddefoot was both humorous and pathetic in the graphic description which he gave of the landing of the immigrant, the journey to the West and his life in his new home. He said that he had seen bare-footed little girls become high-school teachers. He had seen the aged immigrant father to own a section of improved land and shed tears of Joy as he witnessed his children at the annual school exhibition. The National dren at the annual school exhibition. The National danger, the speaker said, was south of Mason and Dixen's line, where there were so many illiterate

Dixon's line, where there were so many illiterate colored people.

Dr. C. L. Thompson announced that the Home Missions rally to be held next Tuesday evening promised to be a great success. President Cleveland will preside, and Dr. Talmage, Dr. Sheldon Jackson and Booker T. Washington will speak. The cannalish will begin with a prayer meeting on Saturday a 3 p. m. at the chapel of the Presbyterian Hullding. On Sunday there will be an exchange of pastors in all of the Presbyterian churches of this city, with home missions for the topic.
